### **ADDENDUM NO. 1**

City Hall Exterior Painting  
Project #19-338-201

All plan holders are hereby notified and agree by signature below, that the proposal includes consideration of the following changes, amendments, and/or clarifications and costs associated with these changes and are included in the proposal.

#### **Addendum No. 1 - Question and clarification and Bid Proposal Form E (Revised)**

##### **1. Question: Is this only for the painted surfaces? Does this include any painting of metal or other areas?**

**Response:** We are only requiring the painting of the EIFS and the metal doors on the rear of the building (this includes the metal trash enclosure doors). As an option, we would like to see part of your proposal include painting for the entry-way arch: front, rear and pillars. **SEE NEW BID PROPOSAL FORM E**

##### **2. Question: Do we need to seal the stone/brick after washing?**

**Response:** Yes, as part of the washing/cleaning of the stone surfaces, we would like that included as part of your proposal.

##### **3. Question: How firm is the 30-day deadline on completion?**

**Response:** Our preference is to have this project done before the end of the year, but recognize weather plays a major factor in its success. We are open to holding on the start of the project until spring of 2020.

##### **4. Question: Is there a schedule of products or materials that must be used?**

**Response:** No, all we are requiring is that the products used be high-quality, name brand materials that will endure the typical Missouri weather.

##### **5. Question: Is there an area for storage during the project?**

**Response:** The City's preference would be that you have your own trailer or such for storage during the project. We could provide a secure location if absolutely needed.
