

Medical Marijuana Home Cultivation Registration

GUIDE TO PROCESS

Chapter 660 of the Raymore City Code establishes the regulations for medical marijuana facilities in the City, including home cultivation activities.

Section 660.040Q establishes the requirements for home cultivation within the City, described as follows:

1. All cultivation activities occurring in residences or on residential property shall be conducted in accordance with 19 CSR 30-95.030.

2. No extraction or infused products manufacturing activities shall occur in a residence or on residential property or anywhere other than a licensed infused products manufacturing facility.

3. Any qualifying patient or primary caregiver with an identification card to cultivate marijuana plants shall register with the City the location of property where the home cultivation activity is occurring.

This application shall serve as registration of the home cultivation activity. The purpose of the registration is to identify the property on the 911 database so emergency responders are advised that there are cultivation activities on the property.

There is no formal approval process of the registration.
