CHAPTER 31 – EXPLOSIVE DEVICE CALLS

Section 31.00 – Reference To Bomb Calls

[REDACTED]

Section 31.01 – Initial Response

[REDACTED]

Section 31.02 – Coordination

A. Officers will coordinate search for the device with the owner or responsible party of the structure affected by the threat. Areas will not necessarily be evacuated unless the owner or responsible party desires to evacuate the structure, or if an explosive device is found.

[REDACTED]

*B. Oversized structures, such as large stores and schools may require a large-scale effort to effectively conduct a search of the premises. In this situation, a "unified command" style of operation may be employed to ensure a coordinated effort among searchers. Other agencies with whom Raymore has mutual aid agreements may be requested for assistance.

Section 31.03 – Confirmed Explosive Device

A. If an explosive device is found:

[REDACTED]

Communications will make the following notifications:

1. Chief of Police
2. Operations Commander
3. Fire Department
4. Kansas City Police Department Bomb Squad

D. **[REDACTED]**

E. The highest ranking law enforcement officer at the scene will advise the dispatcher when the scene is secure and normal air traffic may be resumed.

F. A report of the incident will be completed by the primary responding officer upon clearing the call.
