

CHAPTER 38 – INFECTION CONTROL PRECAUTIONS

Section 38.00 – Infection Control Precautions

EFFECTIVE: JULY 1, 2020

CHAPTER 38 – INFECTION CONTROL PRECAUTIONS

Section 38.00 – Infection Control Precautions

The City is committed to the safety of our members in the performance of their duties. As such, the purpose of this policy is to reinforce City of Raymore guidelines and procedures to protect department members regarding exposure to infectious disease. Maximum effort will always be made to provide members with the latest information on recommended disease prevention practices and barrier equipment.

Guidelines regarding potential exposure during arrests or recovered property situations are covered under these specific policies: the City of Raymore and Midwest Public Risk's Blood-borne and Pathogen Prevention Procedures. A copy of those can be found in the Human Resources office.

If you believe you have been exposed to a blood-borne pathogen or other bodily fluid, call the Midwest Public Risk First Nurse phone number at 855-477-2266.
