# City of Raymore

February 8, 2024

To the Honorable Mayor, Members of the Governing Council, and Citizens of the City of Raymore, Missouri:

State law requires that every general-purpose local government publish, within six months of the close of each fiscal year, a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended October 31, 2023.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Dana F. Cole & Company, LLP, Certified Public Accountants, have issued an unmodified ("clean") opinion on the City of Raymore, Missouri's financial statements for the year ended October 31, 2023. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

### ***Profile of the Government***

The City of Raymore, Missouri, was initially platted in 1874, incorporated on March 20, 1877, and became a Fourth Class City on March 5, 1988. The City of Raymore, Missouri, is almost 20 square miles in area and is located approximately 23 miles south of Downtown Kansas City in the west central part of the state. The present estimated population of the City of Raymore, Missouri, is 24,203. Located in northwestern Cass County along Interstate I-49, the City of Raymore, Missouri's recent history is dominated by rapid growth. The City of Raymore, Missouri, is one of the fastest growing communities in the area, consistently placing among the top communities in monthly statistics of new residential construction in the Kansas City Metropolitan area. It is also empowered by state statute to extend its corporate limits by annexation, which it has done from time to time.

The City of Raymore, Missouri, has a council/manager form of government. The City of Raymore, Missouri, adopted its Charter in November 1997. The City Council (the Council) consists of eight members with two members elected from each of the four wards. The Council members serve 2-year, staggered terms. The Mayor is elected at large and serves a 3-year term and presides over meetings of the City Council. The City Manager is appointed by the Mayor with the advice and consent of the City Council as the Chief Administrative Officer of the City of Raymore, Missouri.

The Council members set the policy for the City of Raymore, Missouri, and the City Manager is responsible for administering this policy in the day-to-day activities of City operations. Department Heads for municipal operations report to the City Manager.

The City of Raymore, Missouri, provides a wide range of services, including police, building and code enforcement, the construction and maintenance of highways, streets, and other infrastructure, and parks and recreational activities.

The City of Raymore, Missouri, owns and operates its own water and sewer system, which functions, in essence, as a department of the City of Raymore, Missouri, and therefore, has been included as an integral part of the City of Raymore, Missouri's financial statements.

The Council is required to adopt a final budget by no later than the close of the fiscal year. This annual budget serves as the foundation for the City of Raymore, Missouri's financial planning and control. The budget is prepared by fund and department (e.g., police). Departmental transfers not changing fund balance may be made with approval of the City Manager and Finance Director. Transfers between departments, however, need special approval from the governing council.

### ***Factors affecting Financial Condition***

**Local Economy:** The City of Raymore, Missouri, is mostly residential with a large variety of housing. The City of Raymore, Missouri, continues to be one of the fastest growing communities in Missouri over the past twenty-two years. The City of Raymore, Missouri, is served by two state highways (58 and J) and Interstate I-49 providing convenient commuter access to the various cultural, educational, social, industrial, and marketing institutions of the region.

The major retailers in the City of Raymore, Missouri, are Wal-Mart, Sam's Club, Price Chopper, and Lowe's. In 2022, the Missouri Highway Commission approved \$71 million to widen I-49 to six lanes from 155th Street to North Cass Parkway. The project will begin in 2024 and will aid in continued growth in industrial, commercial, and residential development. The Raymore Commerce Center, a 129-acre light-industrial business park, developed by VanTrust Real Estate began development in 2020. It includes 2,088,000 square-feet of class-A flex-industrial space. To date, three buildings are complete, totaling 2 million square feet. Building 1 was purchased by Southern Glazer's Wine & Spirits. The premier beverage distributor for wines, spirits, beer and non-alcoholic products invested over \$20.3 million into its 565,000 square-foot distribution center that will create 196 jobs. Building 2 is partially leased to URBN, a multinational lifestyle retail corporation and will be a 600,000 square foot fulfillment center for its clothing retail brand, Nuuly. Nuuly is anticipated to create more than 500 jobs by the end of 2024. During 2023, the City of Raymore, Missouri, recognized new businesses to the community including: Johnny's Tavern, Blush Bootcamp, The Painted Posie, Fire Craft Pottery, Elite Fence and Deck, The Quilted Cow, Starbucks and Glow Esthetics by Monica.

**Long-Term Financial Planning:** Fiscal year 2023 had good growth in residential single and multifamily housing starts. The City of Raymore, Missouri, believes its revenue base with the General Fund is showing positive stabilization. However, the City of Raymore, Missouri, again focused on conservative revenue projections, as well as cost containment efforts put in place in 2009 in order to meet fiscal year priorities and service requirements to its residents and prepare the City of Raymore, Missouri, for long-term financial health and stability.

These efforts continued through the fiscal year 2024 budget process to ensure sound financial position. The General Fund expenditures were budgeted with an increase of 3.52% over the previous year's budget. The City of Raymore, Missouri, is still addressing the Mayor and Council priorities and maintaining or expanding current service levels.

The City of Raymore, Missouri's policy is to maintain a contingency fund balance in the three operating funds equal to 20% of annual operating expenditures. The fund balances in the General Fund, Parks Fund, and Enterprise Fund all fall within the policy guidelines set by the Council for budgetary and planning purposes.

The City of Raymore, Missouri, prepares a 5-year Capital Improvement Plan (CIP) for constructing, maintaining, and replacing the City of Raymore, Missouri's infrastructure. In preparing the budget, the City of Raymore, Missouri, assesses needs, prioritizes public improvements, and projects costs. This budget is reviewed annually and projects are reprioritized and the financial condition of the City of Raymore, Missouri, is evaluated.

**Major Initiatives:** The City of Raymore, Missouri, continues to be an active and growing community. Two-hundred and ten building permits were issued during fiscal year 2023, which includes: detached single-family and attached single-family. Overall, development activity is increasing in the City. There are 535 dwelling units currently under construction. This includes 75 single-family, 160 multi-family (duplex & 4-plex), and 300 apartment units. There are 305 available lots that are site ready for issuance of a permit for a new home, and 10,384 dwelling units within the City. This is an increase of 520 over 2022.

As a growing community, the City of Raymore, Missouri, recognizes the importance of maintaining the ability to provide services to all citizens. The Public Works staff is continuing to work with consultants to meet needs for the future. During 2010, the water master plan was updated. In 2012, staff secured an agreement with KCMO Water Services to increase water supply to meet demands for the foreseeable future. In 2020 the department directors began a review to update all master plans and to create a city-wide comprehensive plan. The comprehensive plan is in process and will be created in 2024.

The 2020 General Obligation Bond projects began in fiscal year 2021. The transportation projects underway include Ward Road, as well as Sunset Lane & 163rd Street extensions, Johnson Drive extension, and various streetlight installations. Parks projects completed in fiscal year 2023 include the West Hawk Ridge Park improvements. Centerview Phase II and the RAC expansion are underway.

With the legalization of recreational marijuana in Missouri, the City passed a three percent marijuana tax issue in April 2023. The collection of this tax went into effect on October 1, 2023. The taxes generated will be recognized as general fund revenues.

Capital projects of approximately 11.3 million dollars were constructed during the year using proceeds of the transportation, excise, capital improvement, enterprise capital maintenance, park sales taxes, storm water taxes, and B.E.R.P. funds for buildings, street, storm sewer, sanitary sewer, and water improvements.

**Financial Information:** Management of the City of Raymore, Missouri, is responsible for establishing and maintaining internal control designed to ensure that assets of the government are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP).

The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits require estimates and judgments by management.

The accounts of the City of Raymore, Missouri, are organized on the basis of funds and account groups, each of which is considered to be a separate entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which comprise assets, liabilities, equities, revenues, and expenditures.

Budgetary control is maintained to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of the General Fund, Capital Projects Funds, Special Revenue Funds, Debt Service Fund, Internal Service Funds, and Enterprise Funds are included in the annual appropriated budget. The level of budget control is established at the department level with Finance closely monitoring weekly activity.

### ***Awards and Acknowledgements***

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Raymore, Missouri, for its Annual Comprehensive Financial Report for the fiscal year ended October 31, 2022. This was the twelfth year that the City of Raymore, Missouri, achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City of Raymore, Missouri, also received, for the nineteenth consecutive year, the GFOA's Distinguished Budget Presentation Award for its annual budget document dated October 31, 2023. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this annual comprehensive financial report could not have been accomplished without the efficient and dedicated services of the entire finance department staff. I wish to express my appreciation to all departments that help us to provide the statistical information. Special thanks to the firm Dana F. Cole & Company, LLP, for their thorough and competent service and cooperation in the conduct of the annual audit and assistance in making this report available.

Finally, I would like to acknowledge Jim Feuerborn, City Manager, and the governing council for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Raymore, Missouri's financial operations.

Respectfully submitted,

## INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and  
Members of the City Council  
City of Raymore, Missouri

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Raymore, Missouri (the City), as of and for the year ended October 31, 2023, and the related notes to the financial statements, which collectively comprise the City of Raymore, Missouri's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the City of Raymore, Missouri, as of October 31, 2023, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Raymore, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Raymore, Missouri's ability to continue as a going concern for twelve months beyond the financial statement date including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance

and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may include collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures including examining, on a test basis, evidence regarding the amount and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Raymore, Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Raymore, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 11 - 22, budgetary comparison information on pages 72 - 75, schedule of employer's contributions on page 76, and schedule of changes in net pension liability on page 77, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Raymore, Missouri's financial statements as a whole. The combining and individual nonmajor fund financial statements on pages 78 - 79 and budgetary comparison schedules on pages 80 - 83 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements on pages 78 - 79 and the budgetary comparison schedules on pages 80 - 83, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information on pages 78 - 83, is fairly stated in all material respects in relation to the basic financial statements as a whole.

## Other Information

The introductory section on pages 1 - 7 and statistical section on pages 84 - 105 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2024, on our consideration of the City of Raymore, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Raymore, Missouri's internal control over financial reporting and compliance.

CITY OF RAYMORE, MISSOURI  
MANAGEMENT'S DISCUSSION AND ANALYSIS

The financial department for the City of Raymore, Missouri (the City), offers readers of the City of Raymore, Missouri's financial statements this narrative overview and analysis of the financial activities of the City of Raymore, Missouri, for the fiscal year ended October 31, 2023. We encourage readers to consider the information presented here in conjunction with the City's financial statements that follow this section. All amounts, unless otherwise indicated, are expressed in total dollars.

**FINANCIAL HIGHLIGHTS**

The assets of the City of Raymore, Missouri, exceeded its liabilities at the close of the most recent fiscal year by \$98,812,335. Of this amount, \$35,020,027 represents unrestricted net position and may be used to fund ongoing obligations.

Total net position increased by \$5,114,807. This increase is primarily attributable to the reduction of pension expense as reported by LAGERS.

As of the close of the 2023 fiscal year, the City of Raymore, Missouri's combined governmental fund balances totaled \$39,590,070. This is a decrease from the previous fiscal year fund balance by \$3,597,061, primarily due to the completion of capital improvement projects. Revenues for the year and unassigned balances from prior years of the City were sufficient to pay current debt obligations, capital outlay, and current operating expenses.

Total long-term liabilities for the City of Raymore, Missouri, decreased during the current fiscal year by \$2,391,207. The City serviced all long-term obligations as planned.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City of Raymore, Missouri's basic financial statements. The City of Raymore, Missouri's basic financial statement comprises three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City of Raymore, Missouri's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City of Raymore, Missouri's assets and liabilities, with the difference between the two reported as net position. Over time and in consideration of other factors from the notes to the financial statements, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Raymore, Missouri, is improving or deteriorating.

CITY OF RAYMORE, MISSOURI  
MANAGEMENT'S DISCUSSION AND ANALYSIS

**OVERVIEW OF THE FINANCIAL STATEMENTS** (Continued)

**Government-Wide Financial Statements** (Continued)

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City of Raymore, Missouri, that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Raymore, Missouri, include general government, public safety (police), public works, community development, economic development, and parks and recreation, among other departments. Business-type activities of the City of Raymore, Missouri, include water, sewer, and solid waste operations.

The government-wide financial statements can be found beginning on page 23 of this report.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Raymore, Missouri, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Raymore, Missouri, can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as the governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

**Fund Financial Statements** (Continued)

Governmental Funds (Continued)

The City of Raymore, Missouri, maintains 20 individual governmental funds in six categories. The fund financial statements can be found beginning on page 27 of this report. Information for the General Fund, Parks and Recreation Fund, Transportation Fund, Debt Service Fund, and Capital Improvement Fund are presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances, while the other funds are categorized under the headings of Nonmajor Governmental Funds. Specific data from the remaining funds is presented beginning on page 78 of the financial statements.

The City of Raymore, Missouri, adopts an annual appropriated budget for its General Fund and other funds. A budgetary statement has been provided within this analysis for the General Fund to demonstrate compliance with this budget for City departments represented by that fund. Actual expenses for the fund are included in the net position report. The budgetary amounts presented here include any amendments presented to the City Council during the fiscal year.

Proprietary Funds

The City of Raymore, Missouri, maintains five proprietary departments. Of these departments, the Enterprise Fund is used to report the same functions presented as business-type activities in the government-wide financial statements and is the primary operational fund associated with this group. The City of Raymore, Missouri, uses the Enterprise Fund to account for its combined water, sewer, and solid waste operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found beginning on page 34 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Raymore, Missouri's own programs.

The accounting used for fiduciary funds is much like that used for proprietary funds and the funds are primarily represented by accounts which are held in escrow for development or development conditions. The basic fiduciary funds financial statement can be found on page 39 of this report.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 41 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of the City of Raymore, Missouri's financial position. In the case of the City of Raymore, Missouri, assets exceeded liabilities by \$98,812,335 at the close of the fiscal year. The largest portion of the City of Raymore, Missouri's net position, 62.9%, reflects its net investment in capital assets (land, buildings, machinery, equipment, and infrastructure) less any related debt used to acquire those assets that is still outstanding.

The City of Raymore, Missouri, uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Raymore, Missouri's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

All account balances are based from reports provided by LAGERS.

Long-Term Debt

Long-term debt decreased \$2.9 million due to regular debt payments as scheduled.

Net Position

A portion of the City of Raymore, Missouri's net position represents resources that are subject to restrictions. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors. It should be noted that, in the operational funds General, Parks, and Enterprise, the City voluntarily "restricts" by policy, 20% of the budgeted operational expenditures to ensure ongoing operations.

Business-Type Activities

Current and Other Assets

Total current and other assets increased \$774 thousand.

Capital Assets

Capital assets, net of accumulated depreciation, decreased \$1.8 million as capital outlay purchases were less than depreciation expense.

Other Liabilities

Other liabilities decreased \$180 thousand.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)**

Governmental Activities

Net position in the Governmental activities increased by \$5.9 million.

Revenues increased in the governmental activities primarily due to increases in tax revenues, investment income, and capital grants.

Expenses recorded in the City's governmental activities increased by approximately \$2 million from the prior year due to the pension related expense adjustment in the prior year.

Business-Type Activities

Net position in the Business-type activities decreased by \$771 thousand. Investment income increased \$340 from the prior year. Charges for services increased \$25 thousand while expenses increased \$479 thousand from the prior year.

**FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS**

As noted earlier, the City of Raymore, Missouri, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The General Fund is the chief operating fund of the City of Raymore, Missouri. At the end of the current fiscal year, unassigned fund balance of the General Fund represented 48.5% of the entire \$12,058,906 General Fund balance. As a measure of the General Fund's liquidity, it may be useful to compare the total fund balance to total fund expenditures. Total fund balance represents 109.6% of the total General Fund expenditures of \$11,004,716.

The total fund balance in the City of Raymore, Missouri's General Fund increased \$767,633 compared to the previous fiscal year, primarily due to intergovernmental revenue received.

The Parks and Recreation Fund has a total fund balance of \$4,842,476, which decreased \$1,443,904 from the prior year, primarily due to the expenses associated with the completion of capital projects.

The Transportation Fund has a total fund balance of \$11,240,515, which decreased \$3,179,008 from the prior year, primarily due to expenses associated with general obligation bond projects.

The Debt Service Fund has a total fund balance of \$3,064,935, which increased \$32,525 from the prior year. The government's debt service levy on property for the fiscal year was 0.7170.

The Capital Improvement Fund has a total fund balance of \$1,786,320, which increased \$317,061 from the prior year.

The other nonmajor funds have a combined fund balance of \$6,596,918, which decreased \$91,368 from the prior year, primarily due to capital outlay expenses.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (Continued)**

Proprietary Fund

The City of Raymore, Missouri's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. The City of Raymore, Missouri, utilized five different proprietary departments. With these, the primary operating fund is the Enterprise Fund.

Unrestricted net position in this proprietary fund at the end of the year amounted to \$10,048,888. This is up from the previous year's amount of \$9,168,859. Total net position in this fund decreased by \$770,767. Other factors concerning the finances of this fund have already been addressed in the discussion of the City of Raymore, Missouri's business-type activities.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

Capital Assets

The City of Raymore, Missouri's investment in capital assets for its governmental and business-type activities as of the end of the fiscal year was \$87,818,145 net of accumulated depreciation. This investment in capital assets includes land, construction in progress, buildings and system improvements, machinery and equipment, park facilities, roads, highways, and bridges.

The investment total listed below represents an increase of \$3,803,216 from the previous year. This decrease is primarily attributable to depreciation expense that exceeded the amount of capitalized assets acquired during the year.

Additional information on the City of Raymore, Missouri's capital assets can be found in the Note 3 on pages 53 - 55 of this report.

**ECONOMIC FACTORS, NEXT YEAR'S BUDGET, AND RATES**

General Fund revenues for fiscal year 2024 are projected to total \$13,115,677. This represents an overall conservative growth of 12.44% over the prior year budget. Most revenues, with the exception of court are projected to be higher this next fiscal year. The City of Raymore, Missouri, continues to see a favorable growth increase in building permits which provides additional resources in many of our revenues.

General Fund budgeted 2024 expenditures are projected to total \$12,098,945 compared to \$12,632,307 in 2023. This represents a 4.22% decrease over the prior year. Of the 2024 amount, \$78,400 was interfund transfers directed by the Council utilizing unassigned fund balance.

Major capital projects will be funded from the various capital funds sales taxes as well as the \$78,400 transferred from the General Fund as directed by City Council.

In the business-type activities, the rates are set as follows: water \$6.54; sewer \$9.13 (volume); and \$9.58 (winter average). The rates are set on a cost of service break-even method to be reviewed and adjusted as needed due to the reliance on Kansas City, Missouri; Little Blue Valley Sewer District; and Middle Big Creek to provide water and sewer service respectively. On August 28, 2023, the City Council approved a \$0.17 increase to the sewer rate effective November 1, 2023; there was no change to the water rate.

The City will continue to monitor and respond to the ongoing changes in the economy.

CITY OF RAYMORE, MISSOURI  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED OCTOBER 31, 2023

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds (3,597,061)

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation was less than capital outlay in the current period.

Expenses capitalized	11,344,919	
Internal charges	31,068	
Depreciation	<u>(5,660,176)</u>	
		5,715,811

Governmental funds report the proceeds from the disposal of assets as revenues. However, in the statement of activities, the revenues are reported less the amount of nondepreciated cost. This is the amount by which the cost exceeded any proceeds.

Cost	(224,528)	
Accumulated depreciation	<u>151,325</u>	
		(73,203)

Certain revenue that does not provide current financial resources is not reported as revenues in the funds as follows:

Long-term receivable collections	(14,760)	
Property taxes	<u>2,152</u>	
		(12,608)

Some expenses in the statement of activities that do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences	<u>(43,004)</u>	
		(43,004)

CITY OF RAYMORE, MISSOURI  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED OCTOBER 31, 2023

Governmental funds report payments required for pension costs as expenditures. However, in the statement of activities, these costs are adjusted for the actuarial balances of the net pension asset or liability and the related deferred outflows and inflows of resources. This is the amount by which the reported pension expense by the pension plan exceeded the amounts paid into the plan.

Plan payments made by the City	929,282	
Pension expense reported by the pension plan	<u>(536,125)</u>	
		393,157

The issuance of long-term debt (e.g., bonds, loan, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. In the statement of activities, interest is accrued on outstanding debt, whereas in the governmental funds, an interest expenditure is reported when due. The following is the detail of the net effect of these differences in the treatment of long-term debt and related items:

Debt principal payments	3,198,000	
Decrease in accrued bond interest expense	14,894	
Amortization of premiums	<u>289,588</u>

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Raymore, Missouri (the City), have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. REPORTING ENTITY

The City of Raymore, Missouri, was incorporated in 1877 and covers an area of approximately 20 square miles in Cass County, Missouri. The City is a constitutionally approved charter city operating under the mayor/city manager/council form of government. The City Manager is the Chief Administrative Officer of the City. The City provides services to its estimated 20,839 residents in many areas, including law enforcement, water and sewer services, community enrichment and development, and various social services. Fire protection services are provided by a fire district which is a separate governmental entity. Primary and secondary education services are provided by the Raymore-Peculiar School District, also a separate governmental entity.

In determining the financial reporting entity, the City complies with the provisions of GASB Statement 14, *The Financial Reporting Entity*, and includes all component units of which the City appointed a voting majority of the units' board, and the City is either able to impose its will on the unit, or a financial benefit or burden relationship exists.

The accompanying financial statements present the City's primary government and component units over which the City is financially accountable. Financial accountability is based primarily on operational or financial relationships with the City (as distinct from legal relationships). Component units are reported in the City's financial statements as follows:

Blended Component Units

Raymore Municipal Assistance Corporation

The Raymore Municipal Assistance Corporation (RAYMAC) was created to lessen the burden of the government of the City of Raymore, Missouri, by financing, acquiring, leasing, or subleasing property to the City. The City of Raymore, Missouri, is the sole member of RAYMAC and members of the Board of Directors are appointed by the Raymore City Council.

The financial activity of RAYMAC consists of leasehold revenue bonds issued, and a lease agreement with the City of Raymore, Missouri, to fund repayment of the bonds. Although it is legally separate from the City, RAYMAC is reported as if it were part of the primary government (blended) because its sole purpose is to serve the primary government exclusively.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. REPORTING ENTITY (Continued)

Discretely Presented Component Unit

Galleria TIF District

This reporting unit has separate corporate powers and accounts for the material transactions related to proceeds of the Tax Increment Funding (TIF) notes issued to pay for the Galleria TIF District (the District) along with the tax proceeds and uses generated by the District. This District creates the potential for financial benefit and/or burden for the City. The Raymore City Council appoints all six members of the TIF Commission's Board of Directors. Separate financial statements are produced for the District and may be obtained from the City's Finance Administration office.

Custodial Fund

The City is voluntarily acting in a fiduciary capacity to account for the transactions of the escrow accounts. The Community Improvement Districts (the Districts) are to account for the collections and disbursements of incremental ad valorem taxes and corresponding bond payments related to projects under redevelopment contracts. The City is not financially responsible for the debt of the Districts and it is reported in the financial statements as a Custodial Fund. The escrow accounts are to account for certain revenues received by the City that are not considered an asset of the City. Since the collections of money are not to be spent for City use, the escrow accounts are reported in the financial statements as a custodial fund.

New Accounting Pronouncement

GASB Statement 96, *Subscription-Based Information Technology Arrangements*, was implemented on November 1, 2022. The standard provides guidance related to accounting and financial reporting for subscription-based information technology arrangements (SBITAs). The standard generally requires the recording of a right-to-use subscription asset and a corresponding liability. There is an exception for short-term SBITAs defined as those with maximum possible terms of 12 months or less including options to extend, regardless of their probability of being exercised.

Government-Wide Statements

The statement of net position and statement of activities report information on the City as a whole. They include all funds of the City except for fiduciary funds. The effects of interfund activity have been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. BASIS OF PRESENTATION

The statement of activities demonstrates the degree to which the direct expenditures of a given function or segment are offset by program revenues. Direct expenditures are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. The City does not allocate indirect costs.

Fund Financial Statements

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues or receipts, and expenditures or expenses, as appropriate. Government resources are allocated to, and accounted for in, individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. GASB Statement 34 sets forth minimum criteria for the determination of major funds, which should have a specific community focus.

The funds of the City are described below:

Governmental Fund Types

Governmental funds are those through which most governmental functions of the City are financed. The acquisition, use, and balances of the City's expendable financial resources and the related liabilities (other than those in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position. The following are the City's governmental fund types:

General Fund - The General Fund is the principal operating fund of the City and accounts for all financial transactions not accounted for in other funds. The general operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are financed through revenues received by the General Fund.

B. BASIS OF PRESENTATION (Continued)

Fund Financial Statements (Continued)

Governmental Fund Types (Continued)

Special Revenue Funds - The special revenue funds are used to account for revenues derived from specific taxes, governmental grants, or other revenue sources which are restricted to finance particular functions or activities of the City.

Major Special Revenue Funds

Parks and Recreation Fund - Accounts for the collection of program fees, access charges, concessions, a portion of general property taxes and special purpose sale tax revenues received and payments of expenditures for recreational services provided by the Parks and Recreation Board.

Transportation Fund - Established to account for intergovernmental road tax for construction and maintenance of City roads.

Nonmajor Special Revenue Funds

Storm Water Sales Tax Fund - Established by vote of constituents to account for sales taxes received and expenditures for storm water control.

The Debt Service Fund accounts for the accumulation of resources used for the payment of principal, interest, and fiscal charges on long-term general obligation debt.

The Capital Projects Funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by Enterprise Funds.

Major Capital Projects Fund

Capital Improvement Fund - Established to be used to construct or purchase capital assets.

Nonmajor Capital Projects Funds

Public Works Facility Fund - Established to construct and furnish new public works building.

Capital Projects Fund - Established to use excise tax to construct or purchase capital assets.

Nonmajor Capital Projects Funds (Continued)

V.E.R.P. Fund - Established to purchase vehicles and equipment with transfers from other funds.

B.E.R.P. Fund - Established to purchase buildings and building improvements with transfers from other funds.

Proprietary Fund Type

Proprietary funds are used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is based upon determination of net income.

The Water and Sanitary Sewer Fund accounts for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses including depreciation) of providing water and sewer services on a continuing basis be financed or recovered primarily through user charges on which the periodic determination of net income or loss is deemed appropriate.

Fiduciary Fund Types

Fiduciary funds are used to account for assets for which the City acts in a trustee capacity or as an agent for individuals, other governmental units, and/or other funds.

The custodial funds are custodial in nature and use the economic resources measurement focus. Custodial funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the City holds for others in a custodial capacity.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND BASIS OF PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND BASIS OF PRESENTATION  
(Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible with the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property tax, sales taxes, franchise taxes, licenses, and interest associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the fund's principal ongoing operations.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

D. BUDGETS

Budgets for the City are prepared and adopted on the modified accrual basis of accounting for all governmental funds. The City Manager and Finance Director may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the governing council. The City Council approved amendments to the budget during the year. The actual results of operations are presented in comparison to the budgets on the combined statement of revenues, expenditures, and changes in fund balances - budget and actual - all governmental fund types. All governmental funds, with the exception of the Development Projects and the Public Works Funds, have legally adopted annual budgets. Appropriations lapse at year end but may be reappropriated in the following year.

E. CASH AND INVESTMENTS

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less. Certain cash and investment accounts are restricted for construction projects, debt service, and compliance with bond covenants.

The City's investment policies are structured to conform to Missouri Statute 30.270. The City is authorized to invest in Federal Agency discount notes, Federal Agency debt, Treasury bills, Treasury notes and bonds, Certificates of Deposit at Commercial Banks and Savings & Loan Associations, and Repurchase Agreements. Investments are reported at fair value.

F. ACCOUNTS RECEIVABLE

Accounts receivable is stated net of allowances. Receivables in the fund statements include receivables to be collected within 60 days after year end.

G. PREPAIDS AND INVENTORIES

Prepaid balances are for payments made by the City in the current year to provide services occurring in the subsequent fiscal year, and the reserve for prepaid items has been recognized to signify that a portion of fund balance is not available for other subsequent expenditures. Prepaid expenses are accounted for using the consumption method.

Inventories, consisting of materials and supplies, are reported at cost with use of the purchases method. Cost is determined using the first-in, first-out (FIFO) basis.

H. CAPITAL ASSETS

Capital assets are expensed when purchased for fund statement presentation in governmental funds. Capital assets purchased in the proprietary fund for fund statement presentation and in all government-wide financial statements are reported as an asset and depreciated.

As the City did not include capital asset accounting prior to October 31, 2003, a list of capital assets purchased prior to October 31, 2002, was prepared using various sources. Capital assets were valued at historical cost or estimated historical cost if actual was unavailable. Capital assets since October 31, 2003, are recorded at cost except for donated capital assets, which are recorded at their estimated acquisition value at the date of donation. In addition, certain capitalized projects that were conducted by the City's departments include administration and inspection fees, up to 6% of the construction costs.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. CAPITAL ASSETS (Continued)

Accumulated depreciation as of October 31, 2002, was established on capital assets purchased prior to October 31, 2002. Depreciation of all exhaustible capital assets is recorded as an expense in the statement of activities with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. A capitalization threshold of \$5,000 is used to report capital assets. The range of estimated useful lives by type of asset is as follows:

Building and building improvements	25 - 50 years
Land improvements	10 - 20 years
Office equipment and furniture	7 - 10 years
Computer equipment, hardware, and software	3 - 5 years
Machinery and equipment	7 - 15 years
Vehicles	5 - 10 years
Infrastructure	30 - 40 years

I. LONG-TERM DEBT

In the government-wide and proprietary fund financial statements, outstanding debt is reported as liabilities. Bond discounts or premiums are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest method.

The governmental fund financial statements recognize the proceeds of debt as other financing sources of the current period and payments of principal and interest are reported as expenditures. Issuance costs are reported as expenditures.

J. LEASES

Leased assets are generally amortized over the term of the lease unless the useful life of the underlying asset is less. Short-term leases are not recognized if lease terms have a maximum possible term under the lease contract of 12 months (or less), including any options to extend, regardless of their probability of being exercised. Short-term leases are expensed in the period incurred. Contracts that transfer ownership of the underlying assets or contain a bargain purchase option are recognized as financing contracts. The City excludes immaterial leases from the provisions of GASB Statement 87.

K. COMPENSATED ABSENCES

Under terms of the City's personnel policy, City employees are granted vacation and sick leave in varying amounts based upon length of service. In the event of termination, an employee is paid for accumulated vacation up to a maximum accumulation of 320 hours and is paid for one out of every four days of sick leave unused prior to the date of termination.

L. EQUITY CLASSIFICATION

Government-Wide Statements

Net position is displayed in three components:

Net investment in capital assets consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position consists of net position with constraints placed on the use either by external groups, such as creditors, grantors, contributors, or laws and regulations of other governments, or through constitutional provision or enabling legislation.

Unrestricted net position consists of net position that does not meet the definition of restricted.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable

This classification includes amounts that cannot be spent because they either (a) are not in spendable form, or (b) are legally or contractually required to be maintained intact.

Restricted

This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws and regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. EQUITY CLASSIFICATION (Continued)

Fund Financial Statements (Continued)

Fund Balance Classification (Continued)

Committed

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council (the Council) by means of an ordinance. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned

This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the City Council or through the Council delegating this responsibility to the City Administrator through the budgetary process.

Unassigned

This classification includes the residual fund balance for the General Fund as it is the only fund that reports a positive, unassigned fund balance. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The City would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

M. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

The City reports decreases and increases in net position that relate to future periods as deferred outflows and inflows of resources in a separate section of its government-wide and proprietary funds statements of net position. The City has several calculations related to its pension plan that qualify for reporting in these categories, in addition to the amounts included in the current year's financial statements that are the result of prior year refunded debt for the original issues' discounts and premiums, which are being amortized over the remaining life of the original debt as a part of interest expense.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. USE OF ESTIMATES

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

O. INTERFUND TRANSACTIONS

During the course of normal operations, the City has transactions between funds, including expenditures and transfers of resources, to provide services and construct assets. Legally authorized transfers are included in the fund financial statements of both governmental and proprietary funds.

NOTE 2. CASH AND INVESTMENTS

The City maintains a cash and investment pool which is available for use by most funds. Each fund type's portion of this pool is displayed on the combined balance sheet as pooled cash and investments. Interest earned is allocated to the funds on the basis of month end cash and investment balances in those funds.

The funds of the City must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the City's agent bank in an amount sufficient to protect City funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance. Custodial credit risk for deposits is the risk that in the event of a failure of a depository financial institution, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of any outside party. The City's policy requires deposits to be 100% secured by collateral valued at market, less the amount covered by the FDIC. As of October 31, 2023, none of the City's bank balances with financial institutions were exposed to custodial credit risk.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. All investments are securities of government-sponsored agencies.

Concentration of Credit Risk - The City's investment policy is to apply the prudent-person rule: Investments will be made with judgment and care, under the circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation but for investment, considering probable safety of their capital, as well as the probable income to be derived.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 2. CASH AND INVESTMENTS (Continued)

Credit Risk (Continued)

Bond escrow accounts are held and invested by escrow trust agencies which are required to invest as stated in accordance with state law. The City's investment policy requires operating funds to be invested to coincide with projected cash flow needs.

Investments

Authorized Investments - The City is authorized to invest in Federal Agency discount notes, Federal Agency debt, Treasury bills, Treasury notes and bonds, and Certificates of Deposit at Commercial Banks and Savings & Loan Associations, and Repurchase Agreements.

Interest Rate Risk - Interest rate risk is the risk that changes in market interest rates that will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy requires operating funds to be invested to coincide with projected cash flow needs.

As of October 31, 2023, the City had the following investments.

Revenue Bonds

On March 19, 2014, the District issued Tax Increment Refunding and Improvement Revenue Bonds, Series 2014A, in the amount of \$15,920,000 with interest rates ranging from 3.000% - 5.375%. Principal payments are due annually beginning on May 1, 2015, with semi-annual interest payments each May 1 and November 1, beginning on November 1, 2014, until maturity on May 1, 2028. The bonds are to be repaid by payments in lieu of taxes (PILOT), economic activity tax revenues (EATS), and imposed sales taxes generated by the District. The purpose of these bonds was to refund through in-substance defeasance the 2005 series bonds and for project development costs associated with the Raymore Galleria Project. The bonds contain significant requirements for deposits of the issuance proceeds. This includes the deposit of \$9,077,694 to be held in trust by an escrow agent, which will pay the remaining principal and interest on the 2005 issuance when the bonds become due and callable. The District is in compliance with all significant requirements of the bond covenants.

7,420,000

On March 19, 2014, the District issued Subordinate Tax Increment Revenue Bonds, Series 2014B, in the amount of \$3,185,546 with an interest rate of 5.27%. The bonds are to be repaid by PILOT and EATS in the hierarchy of required payments as disclosed in Section 402 of the Trust Indenture. This includes that reserves are maintained sufficient for the next succeeding interest and principal payments for the next two payment dates of the Series 2014A bonds. For any interest that is not paid semi-annually, such interest will be compounded into the calculation of future interest on each future semi-annual interest payment date. These bonds mature on July 22, 2035, and were issued for the purpose of project development costs associated with the Raymore Galleria Project. The District is in compliance with all significant requirements of the bond covenants. These bonds were paid off during the year ended October 31, 2023.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. PROPERTY TAXES

The City's property tax is levied each November on the assessed value as of the prior January 1 for all property located in the City. Assessed valuations are established by the Cass County Assessor. The County collects the property tax and remits it to the City monthly. The assessed value for property located in the City as of January 1, 2022, on which the fiscal year 2023 levy was based is as follows:

Real estate	357,806,243
Personal property	<u>68,718,655</u>
	<u><u>426,524,898</u></u>

The City is permitted by Missouri State Statutes to levy taxes up to \$1.00 per \$100 of assessed valuation for general governmental services other than payment of principal and interest on long-term debt, up to \$0.20 for recreation, and in unlimited amounts for the payment of principal and interest on long-term debt. The City's property tax levies for the year ended October 31, 2023, per \$100 assessed valuation, were as follows:

General operating	0.3949
Parks and Recreation	0.1063
Debt service	<u>0.7170</u>
	<u><u>1.2182</u></u>

Property taxes may attach as an enforceable lien on property as of January 1. Taxes are levied no later than November 1 and are due and payable at that time. All unpaid taxes levied by November 1 become delinquent January 1 of the following year.

NOTE 8. PENSION PLAN

Plan Description

The City of Raymore, Missouri, contributes to the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multi-employer, statewide public employee retirement plan for units of local government which is legally separate and fiscally independent of the state of Missouri. LAGERS was established in 1967 and is administered in accordance with RSMo. 70.600 - 70.755. At October 31, 2023, there were 861 participating political subdivisions.

Responsibility for the operation and administration of the plan is vested in the LAGERS Board of Trustees consisting of seven persons. Three trustees are elected by the employees who participate in the system, three trustees are elected by the members of the governing bodies of those political subdivisions which participate in the system and one trustee is appointed by the Governor. The regular term of office for members of the LAGERS Board of Trustees is four years. Members of the LAGERS Board of Trustees serve without compensation with respect to their duties, but are reimbursed by LAGERS for their actual and necessary expenses incurred in the performance of their duties.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLAN (Continued)

Plan Description (Continued)

For the City's year ending October 31, 2023, the net pension asset/liability is based on an actuarial valuation performed as of February 28, 2023, and a measurement date of June 30, 2023. At the date the actuarial valuation was performed, the City had 101 active members; 94 inactive members entitled to but not yet receiving benefits, and 74 inactive members (or their beneficiaries) who are currently receiving benefits.

Benefits Provided

LAGERS provides retirement, death, and disability benefits to employees of participating political subdivisions. All benefits vests after 5 years of service. Employees who retire on or after age 60 (55 for police) with 5 or more years of service are entitled to an allowance for life based upon the benefit program then in effect for their political subdivision. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police) and receive a reduced allowance. The LAGERS Board of Trustees establishes the benefit plans and provisions that are available for adoption. The political subdivision's governing body adopts all benefits of the plan. Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Contributions

Each participating unit of government is obligated by state law to make all required contributions to the plan. The required contributions are actuarially determined using the individual entry-age actuarial cost method. There are no long-term contracts for contributions to the plan. All actuarial liabilities are amortized over a period of 30 years or less.

Administrative costs of LAGERS are financed through investment earnings of the system. Employee contributions are determined at the election of the governing body of the local government. Should the governing body elect to participate in the contributory plan, all employees must contribute 4% of gross salary. The governing body may elect to participate in the noncontributory plan which would result in no employee contributions.

Actuarial Assumptions

The pension liability for the June 30, 2023, measurement date was determined using the following actuarial assumptions applied to the measurement:

Actuarial Cost Method

Entry Age Normal and Modified Terminal Funding

NOTE 8. PENSION PLAN (Continued)

Actuarial Assumptions (Continued)

Amortization Method	A level percentage of payroll amortization method is used to amortize the Unfunded Actuarial Accrued Liability (UAAL) over a closed period of years. If the UAAL (excluding the UAAL associated with benefit changes) is negative, then this amount is amortized over the greater of (i) the remaining initial amortization period or (ii) 15 years.
Remaining Amortization Period	Multiple bases from 13 - 15 years
Asset Valuation Method	5-Year smoothed market; 20% corridor
Inflation	2.75% wage inflation; 2.25% price inflation
Salary Increases	2.75% - 6.75% including wage inflation
Investment Rate of Return	7.00%, net of investment expenses
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition.
Mortality	<p>The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG-2010 Retiree Mortality Table for males and females. The disabled retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubNS-2010 Disabled Retiree Mortality Table for males and females. The pre-retirement mortality tables used were 75% of the PubG-2010 Employee Mortality Table for males and females of General groups and 75% of the PubS-2010 Employee Mortality Table for males and females of Police, Fire, and Public Safety groups.</p> <p>Mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scale to the above described tables.</p>
Other information	None.

NOTE 8. PENSION PLAN (Continued)

Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects (1) a long-term expected rate of return on pension plan investments, and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits). The expected rate of return on pension investments is 7.00%; the municipal bond rate is 3.86% (based on the weekly rate closest to but not later than the measurement date of the "20-Year Municipal GO AA Index" rate from Fidelity; and the resulting single discount rate is 7.00% for the General and Police Divisions.

This rate considers the ability of the plan to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses, and investment returns are projected into the future. The Plan net position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to be sufficient to meet benefit payments, the use of a "risk-free" rate is required, as described in the preceding paragraph.

LAGERS has provided tables to the City that provide background for the development of the single discount rate. These tables are described as follows:

The Projection of Contributions table shows the development of expected contributions in future years. Normal cost contributions for future hires are not included (nor are their liabilities).

The Projection of Plan Fiduciary Net Position table shows the development of expected asset levels in future years.

The Present Values of Projected Benefit Payments table shows the development of the Single Discount Rate (SDR). It breaks down the benefit payments into present values for funded and unfunded portions and shows the equivalent total at the SDR.

Assumed Asset Allocation

Activities undertaken by LAGERS Investment Team include setting and implementing investment strategies, appointing and dismissing investment managers, monitoring investment allocation, liquidity, and performance; and ensuring safekeeping of assets.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 8. PENSION PLAN (Continued)

Assumed Asset Allocation (Continued)

To achieve the goal of a 7.25% long-term rate of return, LAGERS Investment Team sets an investment strategy which is devised after analyzing the long-term view of the market and consulting with LAGERS' Board of Trustees. The assumed asset allocation is as follows:

Equities	31.9%
Fixed income	26.8%
Real assets/return	30.2%
Strategic	4.7%
Alpha*	6.4%

\*Alpha portfolio allocation is based on a volatility adjusted exposure targeting 8% overall.

Deferred Outflows and Inflows of Resources

The balances of deferred outflows and inflows of resources to be recognized in future pension expense consists of the following:

Box 1665, Jefferson City, Missouri, 65102.

NOTE 9. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan (the Plan) created in accordance with Internal Revenue Code Section 457. The Plan, available to all City employees, permits them to defer a portion of their salary until future years. Participation in the Plan is optional. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the Plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property and rights of the participants. Investments are managed by the Plan's trustee under several investment options. The choice of the investment options is made by the participants.

NOTE 10. RISK MANAGEMENT

The City is a member of the Mid-America Regional Council Insurance Trust (MARCIT), a not-for-profit corporation consisting of local governments and political subdivisions. MARCIT was formed as a public entity risk retention pool operating as a common risk management and insurance program to cover health and dental, workers' compensation, and property and casualty claims for its members.

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 10. RISK MANAGEMENT (Continued)

MARCIT has been established as assessable pools, and accounting records are maintained for each line of coverage on a policy-year basis. The City pays annual premiums to MARCIT for all coverage types.

The agreement with MARCIT provides that MARCIT will be self-sustaining through member premiums. MARCIT has the authority to assess members for any deficiencies of revenues under expenses for any single plan year. Likewise, MARCIT has the authority to declare refunds to members for the excess of revenues over expenses relating to any single plan year. MARCIT has not had deficiencies in any of the past three fiscal years. The City has not incurred any claims which have exceeded its coverage in any of the past three fiscal years.

NOTE 12. COMPLIANCE WITH MISSOURI STATUTES

Missouri House Bill No. 103, amending RSMo Section 302.341.2, became effective on August 28, 2013. The amendments to the statute now require municipalities to report an accounting of the percent of "annual general operating revenue" from fines and costs for traffic violations.

Fines and costs for traffic violations	171,752
Annual general operating revenue	11,653,941
Fines and costs for traffic violations as a percentage of annual general operating revenue	1.47%

NOTE 13. CONTINGENCIES

As of February 8, 2024, the City had unsettled litigation and claims. The unsettled claims are at various stages, and at this time, the City believes any adverse results would not have a material impact to the financial statements. The City is vigorously defending each unsettled claim.

NOTE 14. COMMITMENTS

As of October 31, 2023, the City had outstanding commitments totaling \$5,117,824 for various contracts and/or purchase orders.

NOTE 15. TAX ABATEMENTS

The City is authorized, pursuant to sections 99.800 through 99.865 of the Revised Statutes of Missouri, as amended, and the Real Property Tax Increment Allocation Redevelopment Act (the "TIF Act"), to provide for the redevelopment of certain areas through the mechanism of tax increment allocation financing.

The City has established the Tax Increment Financing Commission of the City of Raymore, Missouri (the "TIF Commission"), and, following duly advertised public hearings held by the TIF Commission pursuant to the TIF Act, and upon recommendation of the TIF Commission, the Council of the City can adopt ordinances for redevelopment plans in the TIF area.

Highway 58 West Extended Redevelopment Plan

On January 24, 2005, the City of Raymore, Missouri, adopted an ordinance approving a redevelopment plan entitled "Redevelopment Plan for 58 Highway West Extended Redevelopment (TIF) Area." The Plan provides for the construction of redevelopment projects for approximately \$71,800,000, and anticipated TIF Reimbursable Project Costs of \$13,761,822.

The Plan relies on the abatement of additional revenue from taxes that are imposed by the City or other taxing districts, which are generated by the economic activities within the redevelopment area, while tax increment financing remains in effect, excluding licenses, fees, or special assessments, other than payments in lieu of taxes, until the designation is terminated (Economic Activity Taxes).

CITY OF RAYMORE, MISSOURI  
NOTES TO FINANCIAL STATEMENTS

NOTE 15. TAX ABATEMENTS (Continued)

Highway 58 West Extended Redevelopment Plan (Continued)

In addition, the Plan relies on revenues from real property in the redevelopment area, which revenues are to be used to retire TIF obligations and pay other reimbursable project costs, which taxing districts would have received had the City not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of the tax increment allocation financing during the time the current equalized value of real property in the redevelopment area exceeds the Total Initial Equalized Value of real property in such area until the designation is terminated (payment in lieu of taxes).

Aggregate annual principal and interest payments applicable to the TIF Bonds are disclosed in Note 4.

For the year ended October 31, 2023, the City abated taxes as follows:

Tax Abatement Program	Amount Abated
Economic activity taxes	3,012,323

CITY OF RAYMORE, MISSOURI  
NOTES TO BUDGETARY COMPARISON SCHEDULES

NOTE 1. BUDGETARY COMPARISON SCHEDULES

The reported budgetary data represents the final approved budget after amendments, as adopted by the City Council. The City follows these procedures in establishing the budgetary data reflected in the basic financial statements.

Prior to October 1, the budget officer submits to the City Council a proposed operating budget for the fiscal year commencing the following November 1. The operating budget includes proposed expenditures and the means of financing them.

A public hearing is conducted to obtain taxpayer comments. Prior to this hearing, the budget document is made available for public inspection.

Prior to November 1, the budget is legally enacted through passage of an ordinance.

Any transfer of budgeted amounts between object levels within any fund or any revisions that alter the total expenditures of any fund must be approved by the City Council. Overspending of budgeted object levels within a department must be approved by the Finance Director and/or City Manager.

Budgets are prepared on the modified accrual basis of accounting which corresponds to the fund statements.

Actual expenditures may not legally exceed the budgeted fund unless approved by Council action or for projects approved in a prior year budget.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and  
Members of the City Council  
City of Raymore, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the City of Raymore, Missouri, which comprise the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information as of and for the year ended October 31, 2023, and have issued our report thereon dated February 8, 2024.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the City of Raymore, Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Raymore, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Raymore, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2023-001, that we consider to be a significant deficiency.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Raymore, Missouri's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

## City of Raymore, Missouri's Response to Findings

*Government Auditing Standards* requires the auditor to perform limited procedures on the City of Raymore, Missouri's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The City of Raymore, Missouri's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Raymore, Missouri's internal control on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Raymore, Missouri's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF RAYMORE, MISSOURI  
SCHEDULE OF FINDINGS AND REPOSSES  
YEAR ENDED OCTOBER 31, 2023

2023-001 RELIANCE UPON THE AUDITOR

Criteria

As described in our engagement letter, management is responsible for establishing and maintaining internal controls, including monitoring, and for the fair presentation of financial statements, including the notes to the financial statements, in conformity with accounting principles generally accepted in the United States of America.

Condition and Context

Management should possess the ability to prepare the entire financial statement package in accordance with accounting principles generally accepted in the United States of America. This requires that management possess the ability to prepare the entire financial statement package, including related disclosures and supplemental information without the assistance from the auditors. The auditors drafted portions of the financial statement sections and certain note disclosures from a trial balance and other documentation provided by City personnel.

Cause

City personnel do not obtain the expertise necessary to draft the entire year end financial statements including all notes to the financial statements.

Potential Effect

The potential exists that a material misstatement of the financial statements could occur and not be prevented or detected by the City's internal control.

Recommendation

We recommend that the City review and approve the adequacy of financial statement disclosures prepared by the auditors and apply analytic procedures to the draft financial statements to ensure that all assets and liabilities of the City are recorded, among other procedures as considered necessary by management.

Views of Responsible Officials and Corrective Action Plan

The City relies on the auditor to prepare the government-wide financial statements including the related note disclosures. The City reviews such financial statements and approves all adjustments. The City also uses analytic procedures among other procedures necessary to complete the management discussion and analysis. City personnel have drafted the fund financial statements, majority of note disclosures, budgetary comparison schedules, and other statistical information.

CITY OF RAYMORE, MISSOURI  
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
YEAR ENDED OCTOBER 31, 2023

2022-001 CONTROL OVER THE FINANCIAL REPORTING PROCESS

Management should possess the ability to prepare financial statements in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements under this basis of accounting requires that management possess the ability to prepare the financial statements and related disclosures without the assistance from the auditors. We recommended that the City review and approve the adequacy of financial statement disclosures prepared by the auditors and apply analytic procedures to the draft financial statements to ensure that all assets and liabilities of the City are recorded, among other procedures as considered necessary by management. This is a similar finding as noted in the schedule of findings and responses as item 2023-001 for the year ended October 31, 2023.
