

R-2

Single- and Two-Family Residential

Minimum Standards

Lot Area	10,000sq.ft.
Lot Area per Dwelling Unit	5,000 sq.ft.
Lot Width	70 feet
Lot Depth	100 feet
Front Yard	30 feet
Rear Yard	30 feet
Side Yard	10 feet
Max Height	50 feet
Max Building Coverage	30 percent of the lot

The purpose of the R-2 District is to accommodate single- and two-family residential development. The R-2 District functions as a transition between lower-density residential areas and commercial development, higher density residential areas, and arterial and collector streets.

- Permitted uses include single-family dwellings, two-family dwellings, and limited institutional uses.
- One driveway opening is permitted per lot; two driveway openings may be permitted on corner lots.
- Two parking spaces are required for each two-family dwelling unit.

The R-3 District is intended to accommodate a mix of two-family and attached single-family residential development. The R-3 district is typically located on an arterial or collector street and serves as a transition between commercial development or heavy automobile traffic and lower density residential development.

- Permitted uses include two-family dwellings and attached single-family dwellings (townhomes).
- Attached single-family dwellings must have a 200 sq.ft. landscaped private yard adjacent to the unit.
- Units must be designed with windows or doors on street-facing facades to avoid the appearance of blank walls. Garages must face an alley or interior driveway; garages facing a public street may not extend more than 5 feet beyond the street-facing façade.
- Attached single-family dwellings should be served by a common access drive.
- Two parking spaces are required for each attached single-family unit.
