# **DEBT SERVICE**

The Debt Service Fund is utilized to report the City's financing activities. It is used to account for the accumulation of resources for and the payment of financed debt. The City issues bond debt and utilizes general revenues or other dedicated revenues like special sales taxes to pay the matured bonds. All general obligation bond debt is included in this fund.

Debt may also be issued through the Enterprise Fund, Park Fund or other funds. All debt service charts are presented in this section.

# GENERAL OBLIGATION BONDS

General Obligation Bonds commonly called "G.O. Bonds" are bonds secured by the pledge of the City's full faith, credit and taxing power. The taxing power is usually an unlimited ad valorem tax based upon the assessed value of property located within the City. When unlimited ad valorem taxes are pledged, the City is legally required to raise taxes in order to pay the debt service on the bonds. Due to the pledge of a City's unlimited ad valorem taxes, G.O. Bonds carry the lowest interest rates among the various financing options. The voters must approve G.O. Bonds with either a four-sevenths (4/7ths) or two-thirds (2/3rds) majority, depending upon when the election is held. The City has a Missouri constitutional debt limit not to exceed 20% of the City's assessed valuation.

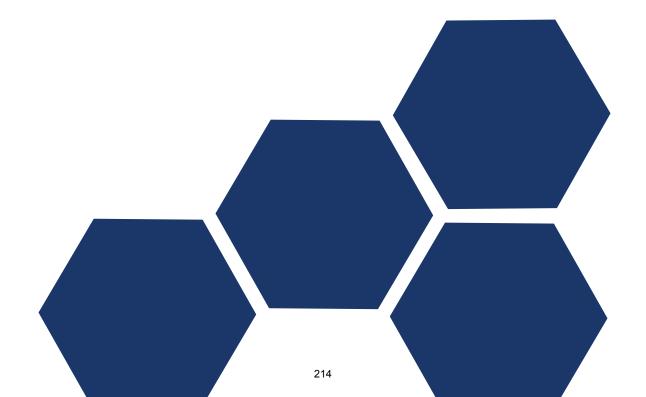

Bond issues accounted for in this section include:

- Series 2017 New Money (\$1.09M Trans & \$1.66M Parks)
- Series 2016 New Money (\$2.2M Trans & \$5.09M Parks)
- Series 2013 (Refunding the remaining portion of Series 2007)
- Series 2012 (Refunding of Series 2004 and partial refunding of Series 2007)
- Series 2008 (Refunding of Series 1999A)
- Series 1999B (State Revolving Fund)
- Series 2007 (New Money \$12.49M Trans & \$1.91M Parks/ Refunded 2012 & 2013)
- Series 2004 (Refunding of Series 2000/Refunded 2012)
- Series 2000 (Refunding of Series 1997/Refunded 2004)
- Series 1997 (New Money Trans/Refunded 2000)

State law requires the Missouri State Auditor to annually review all taxing jurisdictions throughout Missouri as to their compliance with the tax limitation provisions of Missouri's Hancock Amendment. To accomplish this, the Auditor provides the City a set of worksheets used to calculate the allowable tax rates for each of the General, Park and Debt Service funds. These worksheets contain calculations performed by the Auditor based on information provided by the City. When received, the City verifies or revises these numbers as appropriate. Statute provides that "a tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments (see attached RSMo 137.073 6(2))." The Auditor may also approve a higher rate, if for instance balloon payments would warrant accumulation of a larger reserve.

#### **SIGNIFICANT BUDGETARY ISSUES - HISTORY**

- 1. During 2017, the the City's maintained its bond rating, which was upgraded from A1 to Aa2 in FY 2013.
- 2. In April 2016 the City placed a no tax increase bond issue on the ballot for improved parks as well as new and safer streets. The ballot language was \$3.3 million for road and street improvements and \$6.75 million for park improvements. The issue passed with a large margin.
- 3. On April 10, 2017, the City Council approved a GO Bond issue of \$2.75 million. This was the final sale of bonds from the 2016 election, which was also as "bank-qualification".

#### Notes:

This fund shows an additional two fiscal years forecast using the current debt service schedule and a 1% growth in assessed valuations. Internally the fund is forecast out to fully fund all existing debt using the current debt service schedules and assuming no additional financing.

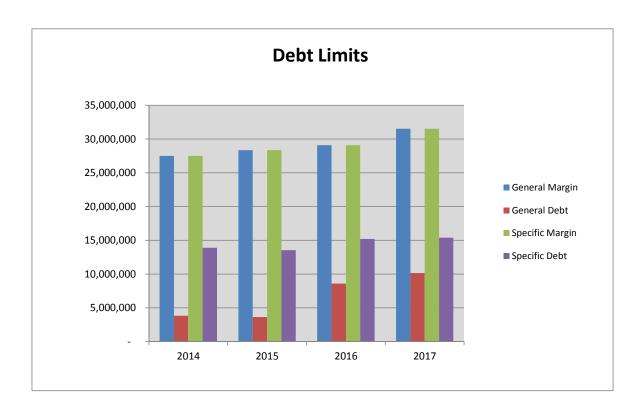

On April 5, 2016, Raymore voters approved the issuance of no tax increase debt to fund \$3,300,000 in street improvements and \$6,750,000 in parks improvements. The bonds were issued at two different competitive sales. The first was sold on June 1, 2016 the second was sold on April 27, 2017

<sup>\*\*</sup> The 1999B bond issue is funded by the Debt Service Fund, however, due to the Water/Sewer Issuance funds are transferred to the Enterprise Fund (50) for payment. As shown above, the last payment is scheduled for FY 2018-19

<sup>(1)</sup> On October 23, 2017 City Council Approved Bill 3304 to defease the 2008 General Obligation Refunding Bond. The schedule and the total Fiscal Year 2018 expenditures were adjusted and approved with the adoption of the Fiscal Year 2018 Operating Budget Bill 3303.

Notes: Debt margin is the total general obligation indebtedness allowed by the State Constitution.

The maximum amount of debt is 20% of assessed value.

General Margin is 10% that can be issued for any City purpose.

Specific Margin is 10% that can only be issued for the purpose of acquiring right-of-way, constructing or extending and improving streets, avenues and/or sanitary or storm systems, and purchasing or constructing waterworks or other plants.

As shown in the charts above Raymore carries a healthy debt service balance well within the legal limits.

# REVENUE BONDS

Revenue Bonds are payable from a specific source of revenue and do not pledge the full faith and credit of the City. Revenue bonds are payable from identified sources of revenue, and do not permit the bondholders to compel taxation or legislative appropriation of funds not pledged for payment of debt service. For this reason Revenue Bonds often carry a higher interest rate than GO Bonds. Pledged revenues may be derived from operation of the financed project, grants, a sales tax, or other non-ad

valorem taxes. Revenue Bonds normally take the form of water/sewer revenue bonds, sales tax revenue bonds or some other type of bond with a pledged revenue source. Revenue bonds may be approved by a simple majority of the voters, and do not count against the City's constitutional debt limit. The City must also comply with certain bond covenants.

This page intentionally left blank.

# SPECIAL OBLIGATION CAPITAL IMPROVEMENT BONDS

Special Obligation debt is similar to General Obligation debt in that it is considered direct debt of the City. Unlike General Obligation debt, however, Special Obligation debt is not backed by the full faith and credit of the City. Rather, Special Obligation Bond debt is supported and repaid only by a special dedicated City revenue source. Normally, these revenue sources take the form of dedicated sales tax proceeds.

# LEASEHOLD REVENUE BONDS

## RAYMORE MUNICIPAL ASSISTANCE CORPORATION

A method of lease financing is through the sale of bonds secured by lease payments ("lease revenue bonds"). This method requires that the property and/or equipment be purchased by a not-for-profit corporation or governmental agency. The not-for-profit corporation or governmental agency issues bonds secured by the lease and serves as lessor of the property.

Just as cities establish industrial revenue bond authorities to serve as a conduit to issue industrial revenue bonds, governmental entities can establish not-for-profit-corporations to serve as a conduit for lease financing. The Corporation would be formed under Chapter 355 of the Missouri Statutes (the General Not-For-Profit Corporation Law of Missouri) and would serve as the financing vehicle for the governmental entity. The governmental entity would be responsible for determining the purposes of the Corporation and the composition of its Board of Directors.

Once established, the not-for-profit corporation can issue bonds for a specific project or serve as an ongoing financing vehicle for the governmental entity (e.g. annual equipment financings). Unlike an industrial revenue bond authority, a not-for-profit corporation has no ongoing decision making power.

It can only issue bonds when directed to do so by the governmental entity. Its investment and spending powers are assigned to a Trustee (a Missouri Bank) who performs these functions solely as directed by the governmental entity.

Bond proceeds are used by the Corporation to acquire capital assets as directed by the governmental entity. The capital assets are then leased to the governmental entity through a one year lease with annual renewal terms and a final maturity corresponding to the term of the bonds.

No current issues.

#### DNR STORMWATER DIRECT LOAN

This method of lease financing is through the Missouri Department of Natural Resources (DNR). Entities may apply to DNR for assistance on a qualified stormwater project. The City applied and received assistance during 2002 on the Silver Lake Detention Basin Improvements. The City received a grant in the amount of \$84,954, a loan for \$462,000 and committed a local contribution of \$84,502 for a total project cost of \$631,456. The loan was backed by pledging an allocation of the Storm Water Sales tax.
